## ANOTHER FIGHT WON BY WETS.

Assembly Refuses to Denature Hornblower Measure.

Bill to Amend Divorce Law Also is Defeated.

Little Real Progress is Made in Either House.

SACRAMENTO, March 21.—Each house passed a couple of its own bills today while the Legislature was in formal session, but neither one passed any bills originating with the other. Hence the total of the day's work was no new laws. One resolution passed both houses. The Assembly again lined up with the wets when it first considered the Hornblower resolution for light wets and been along lines proposed by Greene of Paso Robles and accepted by Hornblower; then it refused to recommit the resolution to committee and refused on a roll call to adopt an amendment by T. M. Wright that would have made the test apply to nonintoxicating drinks only which amendment would, if adopted, have denatured the resolution as thoroughly as the wets of today.

**DIVORCE BILL BEATEN.**  
The Senate spent most of the morning session in discussion of a proposed amendment to the divorce laws, offered by Senator Duncan, that would have incurable insanity a statutory ground for divorce. It was defeated, 11 to 5. Then the upper house took up budget hearings again, turning first to schools for physically defective and then to penal institutions.

After the Assembly had spent an hour or so on the wet and dry problem, it took up a resolution by Greene of Paso Robles to submit a constitutional amendment at the next general election, to raise the pay of legislators from \$1900 a session to \$2500 a session. Fifty-eight voted for it; a few refrained from voting; Broughton, Badaracco, Criswell, Cleary, Johnson, Merriam, Hensinger, West and Wenderling voted no.

**TWO BILLS PASSED.**  
The Assembly also passed two bills, one by Anderson, to create a special fund of not more than \$1000 for district attorneys, so that they might investigate crimes and similar matters without having to announce their intentions to get the necessary funds; the other by Eckward, making the tenure of teachers indefinite. The latter bill would have been passed on Thanksgiving Day and Armistice Day fall together was adopted, but notice of reconsideration was given by Heck.

Numerous committee meetings were planned for tonight. Senate and Assembly Judiciary committees

were jointly going to hear the arguments about the proposed community property law, and a proposed act to bar trust companies from practicing law. The Assembly Ways and Means Committee was to hear the same presentation on budget items that was before the Senate this afternoon. Public utilities again took up a proposal from East Bay cities for a law to permit the formation of a joint water district there. Both houses faced heavy bills for tomorrow, the Assembly having about 150 bills ready for final action, and the Senate about half as many.

**REAPPORTIONMENT DELAYED.**  
Reapportionment, which was expected to reach the floor of the Senate tomorrow by a committee report sending the Borge bill out for action, will be delayed a few days longer, Senator Borge said today. An effort is being made to compose all differences, and get each section fairly well satisfied with the representation of the various districts. The bill is still in the hands of the committee, and the report was temporarily withheld. It was said tonight.

Senator Fishery today offered for introduction a bill authorizing the placing of liens on crops for wages. The Assembly Committee on Municipal Corporations today reported out, with amendments, a bill by Anderson of Oakland that will permit the formation of joint improvement districts including several cities and towns. The bill is designed to enable cities on the east side of San Francisco Bay to engage jointly in the purchase or development of a water supply. It has been before the committee for several weeks, and there have been repeated hearings, at which representatives of the east bay cities have appeared. The amendments approved by the committee today have been agreed on by the cities concerned.

The bill also was amended in committee to protect small cities from being swallowed whole, so far as their water or other utility systems were concerned, at the suggestion of Weber of Santa Monica and other Assemblymen from the smaller towns near large cities.

**INDOOR EXPOSITION.**  
The State Legislature today put through both houses a concurrent resolution, introduced by Senator Breed, and reciting that a proposal of the State of Oregon to hold a world exposition in Portland in 1925, designed to signalize the return by the world to normal enjoyment of peace and progress, "deserved the commendation of the world," the resolution stated that "the Legislature of the State of California indorses and commends the world exposition to be held at Portland in the State of Oregon in the year 1925."

Davis M. Dunne of Portland came here to present the matter to the Legislature. Dunne said the proposed exposition had been entitled "The Atlantic-Pacific Highway and Electrical Exposition" and a company of leading Portland men had incorporated to sponsor it. He said the exposition did not ask money from California, but only indorsement and cooperation.

The object of the exposition is the stimulation of business and travel, and the consequent education of the

## THELEN BACK IN CAPITAL.

Declares He Has Heard Nothing to Make Him Change Views on Economics.

BY KYLE D. PALMER.  
(EXCLUSIVE DISPATCH.)

SACRAMENTO, March 21.—Max Theilen, whose enforced absence from Sacramento during the last three days gave opportunity for administration-inspired rumors that he had retired in dismay from his attack on the proposed \$81,000,000 budget, set at rest today all reports on that score when he quietly resumed his seat at the Senate budget hearing, announcing that he stands "pat" on his recommendations for a budget of \$8,000,000.

Although Theilen carefully explained the nature of the budget that demanded his attention in fact, he was not invited to express a verdict on what constitutes efficiency. A question of some nicety. There are still some old-fashioned souls in Sacramento that insist that economy implies frugality and that efficiency means, in effect, more for less.

Wet and dry squabbles have reached an apparent impasse, giving rise to a charge by Assemblyman Critt that leaders on both sides are resorting to an orgy of professional politics for home consumption.

Southern California Representatives, who unexpectedly threw in their votes for a charge by Assemblyman Critt that leaders on both sides are resorting to an orgy of professional politics for home consumption.

There is talk that the southerners failed to stand by pre-election pledges, but the truth of the matter is the Badaracco resolution was more or less of a joke, somewhat well of course, but nevertheless a joke.

Maynard McPhee, treasurer of the Los Angeles Chamber of Commerce; L. A. Roseberry, vice-president of the Security Trust and Savings Bank; Judge William Rhodes Harvey, vice-president of the Los Angeles Trust and Savings Bank, and F. R. McConna, of the McConna Dry Goods Company, arrived here today to voice objection to passage of the community property law.

program a few minutes ahead of schedule.

Defense of requested appropriations for the next biennium was presented by Col. R. C. Martin for the veterans' home, by W. H. Spaulding and Douglas Keith for the industrial home for the adult blind, by J. E. McCullough for the school for the deaf and blind, by Charles L. Neumiller for the State prison, by Fletcher Hamilton for the Mining Bureau and by Marshall DeMotte for the Board of Control.

Today's hearing was free from the controversies and personal exchanges that have featured former sessions. Max Theilen, retained by public utilities for the investigation, was present and asked a few questions. Tomorrow proposed appropriations for the State Library and all educational appropriations, and those for the University of California will be considered.

## GERMANY CLAIMS RAILROADS ARE TO BE VICTOR.

(Continued from First Page.)

square miles of valuable mineral lands, including coal, iron, zinc, and copper, is the largest territory to be placed under the national treaty. Germany has insisted it must have Upper Silesia to meet her reparations payments while Poland equally urged its need for that nation's welfare.

Former residents, both Polish and German, flooded back to vote. It is estimated at least 140,000 Germans returned to vote, special trains carrying the majority of them there.

**FRENCH DISAPPOINTED.**  
PARIS, March 21.—In French official circles keen disappointment was expressed over reports from the Upper Silesia vote that Germany will retain the district, but officials do not admit that the area is lost to Poland. They pointed out that the reports were unofficial and came mostly from Berlin. It was said that had the territory probably would be divided, leaving to Poland a place, place, place.

Stress was placed by French officials on the agricultural vote, and syndicalism—the other road to industrial peace and the continuation of that individual initiative, energy and responsibility. The signboard on one road is "national agreement."

On the other road is "negotiate directly with your own employer." The dispatch British trade delegates to Russia this spring may be expected as the first tangible result of the Anglo-Russian trade agreement, according to official circles. Upon the investigation of these agents will be based attempts to rebuild Anglo-Russian commerce, starting in a small way and then increasing.

No eventually, not even a ruling by British courts that creditors can seize Polish goods brought into England, will make the agreement investigative, say officials. It is pointed out the British government is the largest Russian creditor in Great Britain, with from five to six hundred million sterling involved.

While the largest private creditors claims are approximately \$10,000,000.

If the courts uphold the right of seizure, then the government will insist on a division of the gold among the creditors claiming the greatest share in the government, which

**BILL IS FIXED; WHINES FUTILE.**  
(Continued from First Page.)

her own will or by force Germany will have to honor her signature and repair the evil she caused in the full measure. War resources will be met. There is in this a question of international morality to which world opinion will not remain indifferent.

**YUKED ONCE AND FOR ALL.**  
"With a view to fixing once and for all the sums which must be paid by Germany in reparation, the Allies proposed to compare to the German government a forfeiture which to France especially, represented a very considerable sacrifice. In the face of this generous offer, which was made with the hope of peace, Germany brought to London figures which, as is now known, merited neither discussion nor examination."

To judge how little serious these propositions were, it is enough to remember that in an interval of three days upon a simple threat from the Allies, Dr. Simons (German Foreign Minister and head of the Berlin delegation to the reparations conference) trebled the total of the five initial annuities which had been presented by him as constituting the extreme limit of his country's (Reich's) capacity to pay.

"It is easy to reply to Germany's lamentations over her present misfortune by recalling the growing number of her functionaries (officials) and her industrial establishment, the increasing fortunes of her capitalists, and the waste of which the Berlin administration is daily giving new proofs. The German taxpayers are not paying damages to Belgium and Northern France, but under a law passed last month they are handing \$150,000 marks to the treasury of the German political parties under the pretext of reimbursing the cost of printing the election ballots."

"The figures of the Reich accord by the Allies were not fixed haphazardly. They were the result of a deep investigation, and the figures furnished by the German authorities at the Brussels conference, for example, being utilized in fixing the reparations sum."

"I can, moreover, certify that in the calculations of Germany's capacity to pay, the payments were fixed with a consideration of the most unfavorable conditions—that is, to say, after deducting Upper Silesia. Regardless of the result of the plebiscite Sunday the figures of the Paris accord represent in our eyes the minimum Germany is able to pay."

German propaganda is seeking to deduce now that the measure taken by the Allies not having been evaded by the Treaty of Versailles, the Allies have violated the treaty.

The good sense of your readers will not permit them to be deceived by such a deduction. Stipulations whereby a creditor obtains special guarantees cannot be taken as constituting a renunciation of any means of action which is insured by common law. To occupy peacefully a region and to consecrate to the payment of a debt of a recalcitrant state the collection of customs or certain credits due that state are pacific measures which have been practiced for many years and upheld by international law. Germany in her conflict with Venezuela showed in 1902 how far one could go in this direction.

Just as the Germans believed when they went to London that they could count on a division in the Allied ranks, they are hoping now, in order to avoid paying for the effect of the change in the American policies. The message of President Harding already has resulted in this respect in an initial and profound deception. It is not by seeking by rough materialism to escape her most sacred financial obligations that Germany will attain the sympathy of the American people, whose foreign policy has always been inspired by the highest idealism."

**AGED BAY CITY LAWYER DIES.**  
(BY A. P. NIGHT WIRE.)  
SAN FRANCISCO, March 21.—J. A. Bidger, pioneer California attorney, died here late last night at the age of 84 years. He was born in Canton, O., and came to California in 1857, settling in Nevada City. He moved here in 1900. His son, O. F. Bidger, also a lawyer, survives.

**WOOD TOLD TO GET THE FACTS.**  
(Continued from First Page.)

its Navy in that quarter of the Pacific. In the event of war with Japan, the Philippines would seize the Philippines as their first move and then strike at Guam and Hawaii from behind their far-flung island screen.

On the other hand, it is contended that we ought to stay in the islands another generation at least to make the natives for self-government and that we need the archipelago as an Asiatic trade base, worthy of adequate defense.

## RUSSIAN TRADE IS WORTHLESS.

(Continued from First Page.)

underlined. If they had any consumable commodities they would have used them long since."

**TO STUDY ROUTE.**  
Secretary Hoover has laid plans for a study of trade routes on which American goods move to foreign markets. It will be carried out by a committee he will appoint he said today, and the result will be available as general strategy for Shipping Board operations. The study is to include rail and terminal facilities, ports and harbors, steamship lines and the application of the preferential rail rates of the Merchant Marine Act.

While American business was brisk, Mr. Hoover said, details of reconstruction were left to be worked out when the seed arose, and so far reconstruction has been without the application of a constructive plan.

**TO RECONSIDER TARIFF BILL.**  
(Continued from First Page.)

lowered by the allied measures fixing an American valuation on goods paying ad valorem.

**PERMANENT TARIFF.**  
The tariff which Republican leaders hope will be broad enough to satisfy all interests demanding an upward revision. The actual work of framing it will be begun tomorrow.

While the House working on the tariff, the Senate Finance Committee will consider revenue revision, and its printed testimony will be available to the Ways and Means committee, which will write the bill in this way. Mr. Fordney predicted Congress would work at high speed. The House would be considering revenue, while the tariff was before the Senate.

"All differences have been smoothed out," said Chairman Fordney. "and we now have a definite working plan."

**PENROSE'S STATEMENT.**  
"The Fordney bill," said Chairman Penrose, "will be put through Congress without the crossing of a T or dotting of an I."

The President stepped into the fight early today, when he telephoned Mr. Fordney, suggesting an emergency agricultural measure be enacted in advance of tariff or revenue legislation. The proposal took the committee of its feet.

There were rumblings of discontent, especially among western members, who objected to the idea of going before Congress a second time this year to ask for a special bill. The President asked that Senate Republicans be soundbitten and there bobbed up the fear that without a cloture rule the measure might be long delayed. Senator Penrose, however, said cloture would be invoked if necessary.

**CABINET ACTION.**  
The Cabinet had expected to take up the tariff revenue tangle tomorrow, but in view of the sudden agreement, the question may not be discussed.

When the House meets, April 1, there will be three bills awaiting action—emergency tariff, antidumping and American valuation. How soon thereafter the permanent measure might be ready members declined to say.

The plan adopted came as a surprise to members generally in view of the House committee's refusal to consider a temporary tariff bill at its meeting last week with the Senate Finance Committee.

There was a belief that an attempt might be made in the Senate to hold up the Fordney bill, but revenue framers said this possibility did not exist, since the measure had the President's indorsement.

## SWIM IN YOUR OWN HOME.

Annette Kellerman Gives All the Details in One Lesson; Water Not Needed.

BY ANNETTE KELLERMAN.  
[Miss Kellerman, whose splendid achievements in the water have gained her a world-wide reputation, has prepared a special article on "Swimming for Beginners" for The Times. If you can locate a kitchen chair, a piano stool and a sofa cushion you may become an expert swimmer without ever leaving your own home. A little additional practice in the water now and then is, however, advisable.—Editor's note.]  
It is advisable to acquaint yourself with the movement of the swimming stroke before you enter the water. This will give you the necessary confidence, and will enable you to handle yourself in the water without fear.  
I consider the breast stroke the simplest and safest for any swimmer. The other strokes come later. Keep at the breast stroke until you have mastered it.  
I wish to give you a dry land lesson before you enter the water. All you need is a piano stool or a box about the same height, one kitchen chair and a cushion. Place a stool in the center of the room with a cushion on top, putting a chair directly behind the stool. Lie so that your stomach is on the stool and your legs on the chair. Place your hands side by side on a level with your chest, palms downward. Move arms forward and stretch them straight out. Turn the hands until the palms are facing outward, then bring them back in a wide circle until they are at right angles with your shoulders. Now remove the chair, obtaining a perfect balance on the stool; stretch the legs. Bring the legs up toward the body, keeping your feet together and opening the legs at the knees. Then kick out straight. Continue these movements until you have mastered the idea. In this breast stroke the hands shoot out straight simultaneously with the drawing up of the legs. As the hands describe an arc back to the body, the legs are kicked backward.  
Before attempting the under arm and single over arm strokes in the water, I wish you to try them in your room. This time you use a small bench or box large enough to lie on.  
(Continued on Second Page.)

## START OUT WITH A PUTTER AND WORK BACK TO DRIVER IF YOU WOULD LEARN GOLF.

BY WALTER G. HAGEN.  
Twice Open Golf Champion of the United States.  
It has been suggested by some of the experts who write on golf matters that the ideal way to learn the game is to begin with the putter and work backward to the driver. All well and good if one can find a pupil willing to do this, but there's the rub.  
The beginner would undoubtedly learn a lot in this manner and a lot better too. For example, if you were to take a person who had never had a club in his hand before and place a ball a foot away from the hole and tell him to make the putt, the chances are he would do it. Then graduate lengthen the distance until you had him standing at the edge of the green and you would find that inside of a week he would be a very good putter. Then take up the mashie and teach him how to hit the ball with this club and you would soon have him working to perfection in the art of approaching, and all before he had ever hit a ball from the tee. Next would come the iron and then the brassie and finally the driver.  
WOULD KNOW IT.  
When he began to use the wooden clubs he would know that it was absolutely essential in their use to keep the head down and to follow through. He would also know, if he had learned the other shots with the iron clubs that the club must do the work instead of the body. That is, we will say the club finishes its work of connecting with the ball.  
(Continued on Third Page.)

## BOTH LADS HAVE GOOD WALLOPS.

Fisher Tackles Coffey Tonight at Doyle's Boxing Pavilion; Midgets to Spar.

Seller Fisher, the famous portlander who has been walloping everything that has been coming his way lately, should have his work cut out for him tonight at Jack Doyle's pavilion, when he tackles Joe Coffey. Joe comes south with a reputation that would almost cause the best of them to crawl into their holes.  
Coffey is said to possess a land-of-no-punch and is very clever. However, Fisher himself takes a smash that would almost put a whale out, so it reports of Coffey's prowess prove true, the fact should see a ripping good contest.  
The semi-windup will be between Gene Cline and Carl Macker, a couple of welterweights who ought to provide a lot of action.  
A PEPPER PAIR.  
One of the most interesting bouts on the card should be the Young Papke-Henry Gasline affair. The pair boxed in an extra bout some weeks ago and saved the world.  
Jack Darcy, a newcomer, is matched with King Leopold. The latter left the most pleasing performer that can be imagined but he has a bit of class and Darcy will have to be good to beat him.  
Sallor Mayberry, who claims a record filled with good fights is matched with Gus Williams at 115 pounds and Jack Martin will meet Sam Casper. George Wells and Bud Omar, 155 pounds, will box the curtain raiser.

EXTRA BOUT.  
As an added attraction to the seven bouts, a boxing exhibition will be put on between "King" and "Prince," the famous sparring midgets, who are a big feature with Al Barnes Circus this season. The midgets are 22 and 24 years old, are thirty-four inches tall and perfectly formed. They put a vast amount of pep into their work and are sure to make a hit. The midgets will be matched with the circus, which holds forth all this week at Prager Park.

## HART SIGNS LAW AGAINST BRIBERY.

BY A. P. MERRY WIRE.  
OLYMPIA (Wash.) March 21.—Gov. Louis F. Hart today signed the baseball bribery bill, passed by the recent Legislature. The law provides that any baseball player who conspires to throw a game, or who throws a game, shall upon conviction be deemed guilty of a gross misdemeanor, punishable by fine and jail sentence. Umpires, club owners or other employees of baseball clubs or leagues in organized or unorganized baseball, are brought under the penalty of the law.

## TO HOP ACROSS WITH ONLY A SINGLE STOP.

BY A. P. MERRY WIRE.  
JACKSONVILLE (Fla.) March 21.—Lieut. W. D. Coney, Ninety-first Aero Squadron, who recently established a new record for the transcontinental flight, is expected to land at San Diego to Jacksonville in 23 hours, 27 minutes, flying time, announced today that he expected to leave San Diego at 2 a.m. Wednesday for Jacksonville. He plans only one stop, expecting to land at Dallas, Tex., for fuel.

## FRESNO TRACK MEN TO TACKLE PORTERVILLE.

PORTERVILLE, March 21.—Porterville Union High School track team will meet the Fresno High School team, Saturday, March 26, on the high school track. While the Fresno team, the larger numbers to draw from the local team is considered one of the best in the valley, and is confident of victory. Members of the team are practicing every evening and are rapidly getting into shape.

## STANFORD BASEBALL SQUAD A WINNER.

BY A. P. MERRY WIRE.  
STANFORD UNIVERSITY, March 21.—The Stanford baseball team defeated the Lettermen Military Hospital at San Francisco today, 9 to 1. The score:  
R. H. E.  
Lettermen ..... 5 8 2  
Stanford ..... 9 1 1  
Batteries—Seward, Mullen and Ramsey; Draper, Knox, Haley and Holsten, Brady.

## FIGHTERS AGREE ON BIG SPLIT.

Dempey and Carpenter to Box on Per Cent Basis; Champ to Get Big End.

DEMPEY AND CARPENTIER.  
NEW YORK, March 21.—Jack Dempey and Georges Carpentier will operate on a percentage arrangement no matter what site is selected for the battle. Dempey through his manager, has already agreed with Tex Rickard and Carpentier is expected to step into the ring and all talk of fabulous sums for the quarrel will be disposed of.  
The fighters will split 60 per cent—30 going to Dempey and 24 per cent going to the French champion.  
Tex Rickard has called Carpentier about the new arrangement and expects an answer some time tomorrow morning. A conference has been arranged for tomorrow afternoon between Rickard and Carpentier when it is expected that something may be done about arranging for the site.  
"I will name the place for the battle in due time," said Rickard today, "but I have been so occupied that I have not had a chance to get around to it."

## LASWELL ELIMINATED IN HANDBALL PLAY.

BY A. P. MERRY WIRE.  
DETROIT (Mich.) March 21.—Maynard Laswell, stellar performer of the Los Angeles Athletic Club, was eliminated in the preliminary championship play tonight from participation in the national A.A.U. handball finals.  
He was defeated by William Backus of the New York Athletic Club, 21 to 6 and 21 to 14. Backus' brilliant play makes him a favorite for the finals tomorrow.

## WHITTIER STATE IS WINNER WITH BAT.

Whittier State School burst into the baseball limelight yesterday afternoon, when the nine from that institution defeated Anaheim High School 12 to 3. The hitting of Klein, State School pitcher, was the feature of the game. Klein knocked out a home run in the first inning and came back in the seventh with a three-bagger, bringing in three tallies.  
The score:  
Whittier State School ..... 12 9 4  
Anaheim ..... 3 6 1  
Batteries: For the State School, Klein and Hernandez; for Anaheim, Shaebrige and Elliott. Umpire, Trago.

## STILL WORKING ON BASEBALL SCANDAL.

CHICAGO, March 21.—Grand jury investigation of the 1919 world series baseball scandal, started last week, was resumed today when Assistant State's Attorney G. E. Gorman finished reading the minutes of the last grand jury investigation of the matter.  
NORMAN HILL WINS.  
Normal Hill Center basketballists defeated the Wing Dominos 13 to 15 last night. This was the last game of the season. Normal Hill has gone through the entire season without losing a basketball game.

## PULLEN WANTS TO GO FAST.

Eddie Pullen's hat is in the ring. "I am the fellow who has the Indian sign on De Palma," declared the winner of the grand prize at Santa Monica, the holder of the world's road record made at Corona and probably Los Angeles' most beloved driver of the great racing cars. Pullen wants to stop the De Palma sweep at the Beverly Hills speedway on Sunday, April 19, when the American championship sprint races will be held. And Pullen has a man with guts of money to back up his claims.  
Austin McFadden, millionaire sportsman of Grand Rapids, Mich., a follower of the automobile racing game for many years, backer of Ray Harroun when he won the Indianapolis speedway's first 500-mile race, is out with an offer of \$15,000 to Fred Deussenberg for the pick of the four racing cars owned by the motor-building genius.  
"I want the fastest car in the lot

## Parks Admits He Pitched Ball in Coast League.

BY A. P. MERRY WIRE.  
ANN ARBOR (Mich.) March 21.—Vernon Parks, captain of the University of Michigan baseball team and considered one of the best pitchers in the "big ten" admitted today he had played professional baseball in the Pacific Coast League last summer and at the same time resigned from the team. It is said Parks plans to join the Detroit Americans at the end of the school year.  
Parks' confession followed the return of Bartlesime, who had been shown a photograph in Chicago last week of "Harold Brooks," who had pitched first-class ball all last season for the Portland (Or.) club. Bartlesime became suspicious that the pitcher was Parks and began an investigation, which ended in the confession.

## MISS CAMERON WINS AT L. A. COUNTRY CLUB.

Miss Margaret Cameron, Northern California State golf champion, won the medal in the open play sweepstakes on the Los Angeles Country Club links yesterday with 59 scratch. The winner was Miss Mary Brown, who made 59—an 8 handicap—21. In the team match the Los Angeles Country Club team won over the Midwicks, 23 to 10.  
DAUBERT SIGNS UP.  
BY A. P. MERRY WIRE.  
CIRCO (Tex.) March 21.—Jake Daubert, veteran first baseman of the Cincinnati Nationals, has agreed to sign a contract and will join the club, Manager Pat Moran announced today.

## JACK TARS' BALL NINE SCUTTLED.

Team of U.S.S. New Mexico Shipwrecked by Vernon; All on Board Perish.

BY ED O'MALLEY.  
The Vernon Tigers, not at all satisfied with conquering the Pacific Coast in the last few seasons, went out yesterday and made it a blood one by subduing the Pacific Ocean, or what stands for it in the baseball line.  
The U.S.S. New Mexico is the gem of the ocean as far as the national pastime is concerned. No wait a minute—we mean the gem of the two oceans, for in the terrific ultimate of Panama early this year the New Mexico team walloped the champions of the Atlantic Fleet, thereby winning Neptune's trophy, which was the trophy given to the winner.  
The contest yesterday had not gone very far before the Seagulls set loose a torpedo that went true to the mark, hitting the Pacific amidships and sending the entire club to Davy Jones' locker. The sailor boys were as wild as a Malay saturated with opium. They made many a Tiger do a head-butt to get him.

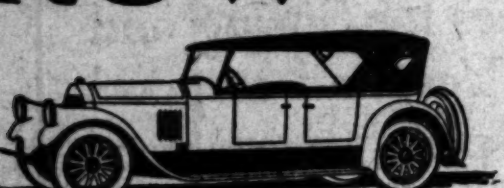

When the screen of smoke lifted from the field of carnage, the score read something like 18 to 6. Larry McGrath, who tried to keep score for the jacks, sprained his right wrist in swinging so many clubs for the minutes of old ocean.  
FIRST SACKER GOOD.  
The sailors first baseman looked

# Golfers to Line Up for the Qualifying Round Today.

## STARS FLOCK TO PASADENA.

Golf Cracks Will Play in Qualifying Round Today.

Paul Hunter Picked to Win a Crown City Medal.

Course in Wonderful Shape Following Recent Rain.

BY PAUL LOWRE.  
Schools of one golf tourney barely die away these days before another moves in to take its place. Today the athletes who wield their putters with skill, gusto and elation head their way to the Pasadena Golf Club where the qualifying round of the annual spring meet will be played.

**NEW ATTRACTIONS.**  
Quite an assemblage of stars and near-stars will pull their freight from Los Angeles and other stopping points for the club that nestles at the foot of the Sierra Madre Mountains. Big Bill Campbell will come rumbling up from Long Beach, Bill Bacon will come from the buttermilk farm at San Gabriel, and Eugene Nixon, the demon athlete coach at Pomona College, will come skidding in from Claremont, along with Carl Peter Scott in a last season's model year hopped.  
Other stars like Paul Hunter, State amateur champion; Everett Weaver, Southern California titleholder; Norman Macbeth, holder of the Northern California crown; S. A. (Scotty) Armstrong, Horace Ingalls, Elmer Ralph, George Cline, Tom Fanny and so on ad infinitum, will simply close up the mahogany roll-top desk, forget all business cares and whisk themselves over to the Crown City Links.

**IN GOOD SHAPE.**  
The Pasadena course is in wonderful condition, the recent rains having done the work on the fairways a world of good, and the gorgeous undulating greens are in superlative shape. George O'Neill, master of ceremonies, announces that everything is in readiness for a record-breaking tournament.  
Of all the cracks who have entered, Paul Hunter appears to be the favorite to win the medal record. The Pasadena course is a big favorite with him since its reconstruction. He has had the advantage of considerable competition with those king-in players, Leo Diegel and Eddie Loe, during the winter months.

**SHOOTER A 71.**  
Before Diegel went on a record-shattering career, one rainy day in January, scoring a marvelous 63, Hunter held the course record with a 64, two strokes under par. Last week in the Calcutta Club tourney he shot a 71, which is pretty good evidence that he should be a match with his game at the present time.

Seaver had an 80 the same day, but as he was a comparative stranger to the course, this is hardly a fair figure on which to base work in the present tourney. "Scotty" Armstrong shot a 71 last Thursday, but has done better and is capable of better figures.

**CLOSE TO SEVENTY.**  
With so many topnotchers in the qualifying test, it is almost a safe bet that the medal round will be within a smidge of 70.

O'Neill says as many as eight of sixteen will be made up as there are players to fill them, the first eight to play at scratch and the remainder at handicap. A. M. Andrews, president of the Pasadena club, who took a cruise to San Barbara with a batch of congenial friends in his yacht Zehma, last Friday, will be back for the frolic and he has personally seen to it that there is a splendid and handsome assortment of cups for the players to shoot at.

Entries can be made at the tee, players getting away as early as 9 o'clock.

**HOREMANS IN LEAD IN BILLIARD MATCH.**

(BY A. P. NIGHT WIRE.)  
**NEW YORK, March 21.**—Edmond Horemans, Belgian billiard champion, took the lead over Walter Cochran of San Francisco, 600 to 482 in the first day's play of their 4800-point match at 15.3 ball. Horemans averaged 61.7-16 and Cochran, 53.7-15.  
Cochran won the afternoon block, 490 to 327, and made a high run of 551. The Belgian's best effort was 525. Horemans made up his loss ground in the evening block, scoring 478 to his opponent's 283. The high run over Horemans, 173, Cochran, 168.

**ZELWOOD**  
The original feather-weight starched collar—a Thintex style.

## AUTO THIEVES GET TEN CARS.

Ten machines were stolen from the streets of Los Angeles during the past twenty-four hours. Persons seeing any of these cars are requested to report same to Erven, Hickok or Rose of the Auto Club theft bureau or to police officials:

Vin truck, 1915, license 439-453; Cadillac 1917 touring, blue, 265-982; Ford 1914 speedster, yellow, 465-211; Patterson 1915 touring, green, 297-845; Dodge 1921 touring, black, Utah 47431; Dodge 1920 touring, black, 175-259; Hudson 1917 touring, black, 431-599; Holmes 1920 touring, blue, 189-994; Ford 1913 touring, black, 274-532; Buick 1916 touring, green, 311-416.

## A. P. SPORT SHORT.

(BY THE ASSOCIATED PRESS.)  
The New York American League team, which won all five of its exhibition games on a week's tour through Louisiana, returned today to the Shreveport training camp.

Alfred Goulet, six-day bicycle rider who conducted outlaw races at New York and Chicago, has been placed in good standing by the Cycle Racing Association. It was announced today.

Rocky Kanas of Buffalo and Willie Jackson of New York, aspirants for the world's lightweight boxing title, will meet in Madison Square Garden, New York, tonight in a fifteen-round bout. The winner of the match tonight will challenge Benny Leonard to a bout for the championship.

Edouard Horemans, the Belgian billiard champion, arrived in New York today from the West, to begin his 4800-point 15.3 ball line match with Walter Cochran, who defeated him in their last meeting.

The Scottish professional soccer team will play four games in the United States during its forthcoming tour, the Dominion Football Association's secretary announced today. The dates of the team's American appearance are July 6, 9, 13 and 15. Opponents were not named.

Dr. Emanuel Lasker and Jose R. Capablanca will meet tonight preparatory to resuming tomorrow night the third game of their world championship chess tournament at Havana, which was adjourned at the sixty-second move this morning.

Experts who analyzed the position of the pieces on the board this morning after the two players had adjourned, declared their belief that the game would result in a draw, as did the first two games of the tournament.

## SWIM IN YOUR OWN HOME.

(Continued from First Page.)

arm stroke, learning a little on your right side. Interlock your hands on the small of your back. Keep your legs straight out and together. Bring up the legs, heels together, the back of the left heel resting against the right heel. Draw up the legs with knees together. Then kick out quickly. Your left leg must kick out while the right leg kicks back. Bring the right arm up under your side with the palm in the same position as at the start of the breast stroke. Bring the left-hand along side the right. Keep the elbows close to the body, all the while bringing on your right side. Shoot the right hand straight out. Now move the left hand, scooping down along the side of the body until it rests on the left thigh. Keep the hand close to the body. Now bring the hands together. Combine the leg and arm movements so that when the left arm is coming down the legs kick out.

Over arm stroke: The only difference between the under arm and over arm strokes is that in the latter you bring the left arm out of the water. The arm should be kept straight, and should never come far out of the water.

The last stroke that I will take up is the Trudgen. This is my favorite, and all my swimming records were made by me with the assistance of this stroke.

Lie flat, face downward, on the bench, with legs extended. Place your right arm out ahead in line with your head. The left arm should be at the side, with the hand on the thigh. Now start the right hand in a broad sweeping motion until it rests on the thigh.

During this movement the left hand should leave the side and skim the surface of the water until it is alongside the position the right hand held at beginning of the movement. While the left hand is on the upward movement, the legs should be brought up as in the side stroke. Then, as the right hand comes down, the legs should kick out in a scissor motion.

## CHARLIE PICK OUT WITH WOUND ANKLE.

(BY A. P. NIGHT WIRE.)  
**SACRAMENTO, March 21.**—Charlie Pick, third baseman of the Sacramento team of the Pacific Coast League, upon whom the hopes of local fans have been largely pinned, will be absent from the practice field for several days. It developed today as a result of a recurrence of trouble with an ankle which he injured last year.

## ACID TEST TO PITCHERS.

(EXCLUSIVE DISPATCH.)

**WAXAHACHIE (Tex.) March 21.**—Manager Gleason applied the acid test to three ambitious rookies hurrying at Jungle Park this afternoon when the Sox resumed training and two were hammered freely. Joe Morris, the Tulsa iron man, hurried the full five innings for the regulars and yielded only four hits, three coming together in the second round. Stanley King, the Lexington (Ky.) High School prodigy, worked for the second stringers,

## CARD FIGHTERS WORK UP SWEAT.

Training Hard for Their Mixup with L.A.A.C.

Bill Burkhardt vs. Jenkinson in Main Event.

Speedy Program Promised the Bugs Thursday Night.

The fast, rough men of Stanford's boxing team worked hard yesterday for their matches Thursday night with the Los Angeles Athletic Club night artists, and those who saw them in the Mercury gym concede that the northerners can deliver the goods. Of course, they demonstrated this Saturday night when they won the intercollegiate championship of the State, but it must be admitted that they did not tackle such class as George Blake's boys have developed. There surely will be lively doings when these verities and club stars clash. Some of them will see more stars than there are in the firmament.

**UGHT TO BE GOOD.**  
Last night the full card was made up and the final event brings together Bill Burkhardt and Charles Jenkinson, the local phenom, against whom none has been able to stand. Burkhardt brings exceedingly good references in the way of past performance and his backers believe he will be at least able to hold his own against Jenkinson's marvel. To do even this he will have to go faster and stronger than any lad who ever faced Jenkinson.

These two are about the same weight, though of dissimilar build, and their methods of attack and defense much alike. These should be as gingersy as any bout the local fans have seen. Sensational battling is likely to characterize the match. Both are good for the rough stuff, and their methods of attack and defense, clever fighters.

**WILL MAKE HIM GO.**

To Walter Hills of Stanford falls the task of confronting the indomitable Ad Geyer, Pacific Coast champion, who has been beaten but once and that time when he was out of condition and not far from illness. Geyer has gotten himself in shape and is ready to go as he did when he trimmed all comers. Hills is a good man, too, and probably will keep Geyer very busy.

The card throughout is attractive and should yield enough thrills and surprises to gratify all the sports. It follows:

|             |     |          |
|-------------|-----|----------|
| Red Simpson | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |

Boxing notes.

(EXCLUSIVE DISPATCH.)

**CHICAGO, March 21.**—Joe Lynch, bantamweight champion, has been added to the benefit boxing show for the Irish relief fund, which is to be given tonight in Madison Square Garden. The little champ will meet Artie Edwards in a ten-round no-decision bout.

Lee Tadytch is keeping his small stable of fighters busy these days. He has Jimmy Nicholas, a Bohemian welterweight boxer, fighting in Battle Creek, Mich., and Pete Mielit, lightweight, who is crooked as a future opponent for Frankie Schaffer, meeting Paddy Clancy at a near-by club.

John Walsman, manager of the Brooklyn boxing arena, has arranged to conduct two shows a week, on Thursday and Saturday nights. He expects to sign up Mike O'Dowd and Augie Ratner in the fifteen-round feature at the opening show, March 23.

Frankie Schaffer, the fighting fool, popular local lightweight, who once Terry McGovern tear-in style has won him a place in the hearts of the Chicago fight fans, has several flattering offers from eastern clubs since his victory over Bud Christiano.

Pee-wee Kaiser, St. Louis bantamweight, will battle Mutt McKee Wednesday night, and April 1 take on Joe Donnelly. Both bouts take place in his home city.

**FOR GROVES TRIAL.**

Special Agent Arrives who Gathered the Evidence.

J. B. Welsbach, special agent in connection with enforcement of the prohibition law, whose work led up to the indictment of F. Ray, Ralph Daugherty, to make a survey of the city yesterday to remain until after the trial of these defendants, which is now booked for April 13. He had an interview with U. S. Dist. Atty. O'Connor on the local liquor situation.

Friends of the Groves brothers expressed interest yesterday in reports from Washington that Atty.-Gen. Daugherty would make a survey of all the pending cases of violation of the liquor law now before the Federal courts, with a possible view to dropping some. Whether the local cases would be included in, of course, unknown.

## JACK TAR BALL NINE SCUTTLED.

(Continued from First Page.)

pretty good and showed some class in handling him. Any ball hurled to him surely did elude to his big right mitt. The secret of this leaked out after the game was over. It was learned that the said mitt was made out of kelp and that every time a ball hit it in the midriff the impact jarred a bunch of iodine onto the palms of the hand, thus preventing any swelling consequent on hard-thrown balls.

Dell and Shore projected for Esch and were on easy street through-out. Shore sure did look good. His last world of speed and a deceptive curve—a curve that is as full of crochets as is a coquette.

## WRESTLINE TWINS PUZZLE REFEREE.

(BY A. P. NIGHT WIRE.)

**LEXINGTON (Va.) March 21.**—Mr. Gotton of Memphis is bantamweight wrestling champion of Washington and Lee University here, but whether his first name is Henry or Nicholas nobody but the 115-pound Memphis twins know. They are as alike as peas and, after winning their way through the tryouts to the annual championship match, fought it out clad in similar gymnasium suits. Somebody won, but it looked like a man wrestling with himself and the referee would not take a chance on identification. He merely announced that the championship had been won by Mr. Gotton and the audience roared approval.

**NINE EXTRA.**  
After the fifth inning Esch used nine extra men in the line-up, and if Ed Hughes had been scoring he would have hollered his head off about the crudities and ruminations of Los Angeles, incidentally elaborating on why we are called Hickville by the denizens of the Bay City.

On Wednesday, Thursday and Sunday of this week Vernon will take on Chicago Cubs again. Now, for the benefit of those who came late and for the peace of mind of the rainy and file of fandom, we shall state that Manager Evers will send his best line-up against the Pacific Coast League champions in all of the games.

**ANGELS NEXT.**  
On Friday and Saturday of this week the Angels will buck up against the Windy City lads, and in this case also the Cubs' first nine will line up in both games.

The Bengals hold an easy decision over the Cubs No. 3, most of whom were born and reared in Nobby, Ind., that most southerly bend in Lake Michigan, where one of the world's greatest philanthropists, Kid Weller, used to throw his money away to those interested in winter bobs.

Red Comerford will act as the Bengal mascot and will hold forth in their dugout, passing out the best info that happens to swirl this way from the fields of Tijuana the blessed.

**BERKELEY BASKET BALL QUINTET HOME.**

(BY A. P. NIGHT WIRE.)

**BERKELEY, March 21.**—The Berkeley High School basketball team returned home today from the Biggs High School, 29 to 13, in the semifinals of the California high school championship.

The card throughout is attractive and should yield enough thrills and surprises to gratify all the sports. It follows:

|             |     |          |
|-------------|-----|----------|
| Red Simpson | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |
| Stanford    | 130 | Joe Gots |

## HIGH SCHOOL HEARING.

Supervisors Plan to Announce, Somewhat to Excitement.

Construction of a high school building somewhere between Norwalk and Artesia to accommodate the children from those neighborhoods and from Bellflower was discussed at a hearing before the Supervisors yesterday. Many people were said to desire a union of Artesia, Somers and Downey into a high school district, to be known as Excelsior Union High. Objection was made by some who wish to send their children to Compton high or to Fullerton high, in Orange county. The board decided to annex Artesia and Somers school districts to Excelsior for high school purposes.

**FINE, JAIL FORGER.**

Frank Gordon of Riverside pleaded guilty in U. S. District Judge Tripper's court yesterday to forging the signature of George W. Rollins to a Santa Fe Railroad check for \$247.74, and was fined \$500, with ten days in the Riverside County Jail. The wife and baby of the defendant were in court and Oscar Lawler made an eloquent plea in behalf of the young man, who was a soldier during the great war.

The people of Artesia have announced that mass meetings will be held to discuss the situation and decide whether or not the people of that section will join in this union or withdraw, as they have a right to do, by a petition properly filed.

**FINE, JAIL FORGER.**

Frank Gordon of Riverside pleaded guilty in U. S. District Judge Tripper's court yesterday to forging the signature of George W. Rollins to a Santa Fe Railroad check for \$247.74, and was fined \$500, with ten days in the Riverside County Jail. The wife and baby of the defendant were in court and Oscar Lawler made an eloquent plea in behalf of the young man, who was a soldier during the great war.

## CAUSE OF KIDNEY TROUBLE

Causes to Flush Kidneys, Hints or Bladder, Others.

Do not have your most common ailment, but flush your kidneys occasionally, says a doctor who tells us that a little acid which almost always collects in the kidneys in their effort to clean the blood. They become weak, then you get kidney trouble in the kidneys. The urine gets cloudy and the chills of the bladder are caused, obliging you to urinate three or four times a night.

These irritating conditions irritate the kidneys and flush out the waste matter.

Take a tablespoonful of water before breakfast, and after dinner. This flushes out the acid of the kidneys, and stimulates the action of the bladder.

It is a simple, safe, and effective remedy. It is a simple, safe, and effective remedy. It is a simple, safe, and effective remedy.

They WORK while you sleep.

**LOOKING YOUNG**

# CAUSE OF KIDNEY TROUBLE

How to Flush Kidneys if  
You Have Bladder  
Trouble.

How your meat every  
day, says a noted  
author, is the cause of  
many of the ailments  
which afflict the human  
body. The meat which  
is eaten is not properly  
digested, and the result  
is a condition known as  
acidosis. This condition  
is the cause of many of  
the ailments which afflict  
the human body. The  
meat which is eaten is

# GIBBONS BOXES PAUL SAMPSON.

St. Paul Member to Show His  
Wares to Gotham Fans.

Heavyweights to go Fifteen  
Rounds Tonight.

Contest to Come Off at Pio-  
neer Sporting Club.

NEW YORK, March 21.—Tom  
Gibbons will drop in on us to-  
morrow night for the first time in four  
years and, says Paul Sampson, a local  
heavyweight, for fifteen  
rounds at the Pioneer Sporting  
Club.

Some one whispered the other day  
that Thomas is swinging along in  
great shape and is very likely to be  
the next heavyweight champion.  
Well, outside of Jack Dempsey, the  
St. Paul mixer ought not to find  
the going very hard. The heavy-  
weight crew, except for Tom, are  
a pretty bad lot.

Al Reich, the best gymnasium  
boxer in the world, tried another  
one of his daring comebacks the other  
night and Gibbons knocked him for  
a row of daisies in one round. Poor  
Al, he looks the part of a great  
fighter and there he stops. Gib-  
bons fainted at him, but he came  
through direct and Reich left the  
scene.

While on the subject of Gibbons,  
it was also announced that the other  
famous member of the family,  
Mike, is anxious to try con-  
clusions with Johnny Wilson, the  
middleweight champion—some one  
is always trying to pick on little  
Johnny. Mike has a chance with his  
chance with the champion, but it is  
not thought that New York will  
care to stage the show.

# START OUT WITH PUTTER.

(Continued from First Page.)

before the body puts the power into  
the swing.  
How simple this all seems, and  
simple it would be too, if golfers  
were not so impatient. Did it ever  
occur to the amateur golfer that cad-  
dises begin golf this way? Many of  
them, in fact, nearly all, begin their  
golf around the caddy house by  
putting. There is no place for them  
to use a driver or mallet or even  
an iron and they while away the  
time putting and approaching.  
Usually a crude hole is made and  
the boys gather around and wait  
for small stakes.

Then when they get a little more  
ambitious and attempt a mashie  
shot. This is done often by shoot-  
ing at a tree and it affords the best  
kind of practice. After learning to  
handle the mashie in this manner  
the rest of the game is easy to pick  
up. At the first opportunity the boys  
try the wooden clubs if they are  
lucky enough to get hold of any. It  
is really surprising to see the de-  
velopment then in a comparatively  
short time.

LEARN TO HIT FIRST.  
Indoor golf is taught with the  
driver first, but as there is an ex-  
cellent opportunity to get into the  
swing quickly and feel that you are  
doing something toward learning  
the long game, the idea is not a bad  
one.

The beginner should never go  
near a golf course until he has  
learned some idea of how to hit a  
ball. He can do it in either man-  
ner described. Getting the proper  
swing before approaching golf  
grounds will save a lot. Beginners  
should remember that first-class  
players hate to waste time playing  
with a duffer, who only retards their  
progress. Learning the game while  
playing a match is no way to get  
any headway. You are spoiling  
your own game and that of the  
good players.

There is another angle to the  
game, too. Beginners do congest a  
golf course. They can't play the  
game fast enough to hold their  
place and a great many of them do  
not know enough about golf etiq-  
uette to invite those behind to  
come through. As a result the  
course is held up.

Try and remember that you must  
keep close behind those ahead of  
you. The general rule in regard to  
this is to play when the players in  
front of you have had their second  
shot. Sometimes this is not enough  
and one must wait until they are  
well out of range. There is nothing  
more annoying than to have those  
behind you play their ball up to you  
or beyond you.

Don't attempt to play towards a  
green if the pair or foursome ahead  
are putting. You may spoil their  
game. You may not be taking the  
game seriously, but the chances are  
they consider it a serious proposition.  
Don't let them get too far away  
either, and when you see a hole in  
between and you are being pressed  
by golfers behind, invite them to  
come through.

STICK TO RULES.  
The last thing a beginner thinks  
of doing is to read a book of rules.  
This is necessary before attempting  
any play in tournaments and should  
be even for friendly matches. Don't  
let your opponent see that you are  
willfully violating a rule or doing it  
through ignorance either. Begin-  
ners and duffers have rules of their  
own. They sole their clubs in sand  
traps or hazards; touch the sand  
with the club in the back swing,  
move their ball in picking up little  
obstructions near by, take the grass  
away from their ball when in the  
rough, wipe the mud off their ball  
on the green and do a dozen other  
things that they should not do. I  
would advise a golfer as soon as he  
has begun to learn to play the game,  
to get a copy of the rules and read  
them through. It will help you in a  
great many ways to find out just  
what you can and cannot do.

MAKE IT ENJOYABLE.  
All of these things help to make  
the game enjoyable and there will  
be no occasion for uncertainty if

# EAST TO MEET WEST IN DEL MONTE POLO.

POSSIBILITIES OF STRONGEST  
LINE-UPS BEING DISCUSSED  
WITH MUCH INTEREST.

(SPECIAL CORRESPONDENCE.)  
DEL MONTE, March 21.—Per-  
haps one of the most interesting  
polo matches of the season will be  
played off during the course of the  
Del Monte tournament when the  
East stacks up against the West. A  
picked team of the strongest play-  
ers from each section of the coun-  
try will be brought together to con-  
test for the S. F. B. Morse poppy  
cup.

Polo enthusiasts have been dis-  
cussing the possibilities of the  
strongest teams for some days past.

# SEATTLE RESTS UP AFTER HARD GAME.

KENWORTHY'S PROTEGES IN-  
DULGE IN ONLY LIGHT  
PRACTICE AT POMONA.

(SPECIAL CORRESPONDENCE.)  
POMONA, March 21.—After the  
strenuous game with the Chicago  
Cub Yankigans yesterday afternoon,  
the Reds took things easy around  
training camp headquarters today.  
Hitting practice, throwing and bun-  
ting the regular program of work,  
was the only thing on tap. The  
Colts and Tigers called off their  
usual clash today, but will battle to-  
morrow for supremacy.

Kopecs Kenworthy was in charge  
of the workout today, but contented  
himself with handling things from  
the sidelines and did not even don  
a uniform. He is taking daily mas-

# CHARTER DAY SPEAKER.

Ideals of Scholarship to be Dean  
Hart's Subject.

Walter Morris Hart, professor of  
English philology and dean of the  
summer session of the University  
of California, will speak on "Ideals  
of Scholarship" at the Charter Day  
ceremonies in celebration of the  
founding of the University of Cali-  
fornia, at 10 a.m. tomorrow morn-  
ing in the auditorium of the univer-  
sity's southern branch, 111 North  
Vermont avenue. This is the first  
charter day to be celebrated at the  
southern branch.

Dean Hart is a graduate of Har-  
vard College and received his Ph.D.  
at Harvard University. He was the  
founder of the University of Cali-  
fornia summer session in Los Angeles,  
organizing it four years ago and  
then appointing Dean Monroe B.  
Deauch to direct it. He has recently  
appointed Baldwin M. Woods to  
be dean of the session this year.

# Easter Suits by Hart Schaffner & Marx

All the new spring  
models for men  
and young men---

\$45

—also some for less and some for more.

Copyright 1920 Hart Schaffner & Marx

One entire floor  
of  
Clothes  
for  
BOYS

Ages 1½ to 18 years

Here are the new styles in a big variety. For the  
young men: square shoulders; coats more loosely draped;  
lower openings. For the business man: a fine showing  
of rich worsteds and other fabrics that combine con-  
servative style with long service. Sizes for every figure.  
Biggest assortment, highest quality, lowest price—and  
satisfaction or money back.

# The People and Their Daily Troubles

## DOROTHY DIX TAKES GENTEEL POVERTY.

**BY DOROTHY DIX.**

A young woman, who is the poor member of a rich and socially prominent family, asks my opinion as to the advisability of her going into business.

She says that she has no money to go to work because it will mean practically giving up all the friends and acquaintances of her whole life—not that they especially look down upon a working woman, but that they are the idlers and spenders who pass their days on golf links and at bridge tables, instead of in offices. They merely live in a different world, and there are not many bridges that cross over from the haunts of the industrious poor to that of the idle rich.

Also the girl says she is pretty and attractive and she is afraid that she will jeopardize her chances of marrying if she becomes a business grub instead of a society butterfly.

I say to the girl that if she desires to be really happy and to experience the purest joy on earth, it is self-respect, she ought to go to work.

Of all miserable lots on earth, none is so full of heart burning and envy and unrequited desire as that of the shabby genteel, nor is there any other occupation on earth so exalting as that of having no friends and society by your eyelashes.

Real honest poverty, that doesn't pretend to be anything but what it is, has few terrors in it, and many compensations. A humble house can be perfectly comfortable; a plain meal may be more tasty and nourishing than things cooked in a la this and a la that. A homespun coat can be as warm as a broad-cloth one. No friends are so true as the warm-hearted neighbors of the poor who come in to help in every time of trouble and rejoice.

Those who accept poverty frankly find that it turns a kindly face upon them. It is only a bitter enemy to those who try to camouflage it; who pretend that the reason that they live in a shabby part of the town is because of the romantic atmosphere; who starve at home that they may give a drink tea once a week; who put the money that should go into red flannel underwear into a ball dress, and who have no friends because they spend their lives trying to get to know the people who don't want to know them.

It's the pretenses, the lies, the deceptions, the agonizing effort to make one dollar go as far as five, the pretending to keep up with the crowd, whose price is too swift for one, that makes genteel poverty the most horrible fate on earth.

It's the having to flatter, and cajole, and fawn on those with money and establishments, the having to accept snubs from the ill-bred and arrogant rich, that makes any but the most craven-spirited lick-spittle writhe.

Yet that is the lot of the poor girl of good family who tries to play the society game on a shoestring. She has to wheedle and flatter, and cringe old ladies on the chance of them giving her a ten spot. She is invited to country houses, where she is expected to pay her way by entertaining the boria, and keeping an eye on the children. She is asked to fill in at the last moment at parties, where she was never among the original guests. She is always spoken of as half-poorly and half-contemptuously as "Poor Jane" or "Poor Mary," and the traditional shirt of nettles would not chafe her back more than do the cast-off clothes of other women that she wears.

Can there be any comparison in peace, in happiness, in dignity, between the girl who is a hanger-on of a rich family, and the girl who stands on her own feet and earns her own living? The one is dependent. The other is an independent, free human being. The one is a beggar, a sycophant, a bootlicker. The other can look the world in the eye and tell it to go where it pleases.

It is very true that the near-society girl has to give up her real society, friends, when she goes to work, but she will find that she has achieved the peace that passeth understanding when she drops into

### Making More Money

Victim of Great Misfortune Turns to New Occupation and Turns Tide of Fortune.

IT OUGHTN'T to be able to use everything we have and, if we lose the use of a part of our body, we should be able to make a new use of it. There are plenty of blind persons who are earning their own living. Why shouldn't I, who have only lost the use of my legs, do the same?

That was the philosophy of Mrs. Greenway of Atlanta, Ga., when she was informed that she would never again be able to take a step. The news would have utterly discouraged the majority of persons, would have made them burdens as well as helpless invalids for the rest of their lives. But after the first shock had worn off, Mrs. Greenway determined that she was going to meet at least the major portion of her expenses by her own efforts—though she didn't have the least notion how she was going to do it.

One day as she was lying in bed with a bit of paper, the idea came to her. Heads could be made out of various-colored paper, various and strong, and she decided to try it. A few experiments convinced her of the feasibility of the idea, and also showed her the best way of doing it. She found that the best material was a certain kind of paper, and she also found that the best way of making them was to use a certain kind of glue.

She then began to make them, and she found that she could make them in a very short time. She then began to sell them, and she found that they were very popular. She then began to make them in a very large quantity, and she found that she could make them in a very short time.

She then began to make them in a very large quantity, and she found that she could make them in a very short time. She then began to sell them, and she found that they were very popular. She then began to make them in a very large quantity, and she found that she could make them in a very short time.

She then began to make them in a very large quantity, and she found that she could make them in a very short time.

case. That afternoon Crittenden's wife was to arrive from a visit to the East. Mrs. Fair crossed over to Oakland, and seeing that Mrs. Crittenden had arrived, took the same boat from San Francisco which carried Crittenden and wife. While seated by his wife the assassin snubbed up from behind and shot him. Crittenden fell into the arms of the woman, who had just arrived from the East.

The woman boldly admitted that she killed him, because he refused to "right a wrong," though it was generally known that she was an adventuress, and without moral character.

The trial lasted about a month. Several physicians were present with all kinds of medicines and lotions, and the "fair Laura," as some of the mushy papers styled her, was stretched out on a sofa almost every day during the trial. Almost daily there was a sham "fainting spell," but she was convicted of murder in the first degree and sentenced to be hanged. Diet-Att. Harry Byrne

made a masterly speech and in a few weeks died from the effects of overexertion. The murderer was in jail several months, and on a fitly protest she was granted a new trial, and a motion-headed jury acquitted her.

She then sought the limelight (as in the case of the Smith woman) and advertised that she would lecture in Platt's Hall. Several hundred people, mostly of the "hoodlum" element, were ready to enter the hall, when a "delegation" of perhaps fifty men announced from the door that the assassin would not be allowed to lecture. The woman and her press agent slunk out of the back door, and there was no lecture.

Is there manhood enough in Los Angeles to prevent the Smith woman from insulting the people by a public appearance? That is her aim for she is heading this way, and her expressed sudden fondness for her relatives is to cover her real designs.

thing of this kind on the screen it will almost insure an official censor. There are too many crooks and murderers now on the stage—the silent and otherwise.

**J. M. SCANDLAND.**

**Breed Hated.**  
LOS ANGELES, March 19.—[To the Editor of The Times:] The meeting held in New York last night to preserve the unity of our Allies ought to have the whole-hearted support of all true Americans. A movement here in California, fostered by Hearst and other pro-Germans, to breed hatred between us and our ally, Japan, ought to be discouraged by all fair-minded people. For it must not be forgotten that Japanese soldiers and our own doughboys fought shoulder to shoulder in Siberia.

**Don't Like It.**  
LOS ANGELES, March 19.—[To the Editor of The Times:] I would like to have you explain through your valuable paper why the government school is still maintained at Arcadia. As you know, the people of Los Angeles county voted down the Balloon School bonds twice, which shows conclusively that the people do not want the Balloon School, and I think it is up to the government to see that the school is removed.

The people in the vicinity would much prefer to see the ground planted in crops, and they would not then be molested by men in uniform and by balloons flying over their property.

**JOHN A. BOWMAN.**

**The Riot Signal.**  
Mother (returning from shopping): Dorothy, what is the meaning of this crowd in front of the house?

Dorothy: It's all sister's fault. We were playing house, and she hung a "fat to let" sign in the front window.—[London Mail.]

## J. M. Robinson Co.

Seventh and Grand

Store  
Opens 9 A.M.  
Closes 5 P.M.

### This Announcement for Wednesday

## Sale of Plaid Wool Skirts New Colors—New Spring Styles

They are of flannel and prunella, of fine quality, tailored to meet the high standards of Robinson's requirements.

New Skirts—shown for the first time on Wednesday. But they can be seen in Robinson's Seventh Street windows Tuesday and Tuesday evening—and they are well worth seeing.

The sizes and kinds of pleats used correspond to the arrangements of the colors, stripes and plaids.

In some, wide box pleats with cluster of three knife pleats on either side have brought out the beauty of the fabric most effectively. In others, box pleats of two widths alternate. A number are in the popular inch-and-a-half box pleats set close together.

Again—See them in the windows—Robinson's Seventh Street Windows Today—or drive down this evening.

THIRD FLOOR

—Wool Skirts—250 of them,  
—Beauties, just from that bright sunny factory where Fashion and  
—Fine Quality combine to make Skirts that  
—Thrill with pleasure all who see them.  
—Plaids of new spring shades, and stripes  
—Matched by the folds in the cloth,  
—Exactly achieve many  
—Attractive and altogether distinctive effects.  
—See the Skirts in the Seventh Street windows Tuesday and Tuesday evening—at Robinson's.

THIRD FLOOR

Among the colors are:

Quaker gray and white Black and white  
Beige and Mrs. Harding Navy with Russian stripes  
blue Midnight with light  
Blue, gray and canary plaids

Playing against each other, light colors and darker ones, two tones of the same color, some exceptionally bright effects have been obtained.

There are nearly as many color combinations as there are skirts.

The Skirts are finished with narrow or medium bands with fancy buttons or transparent buckles. The skirts are stitched part way down on some of the bands.

Skirts! Fresh as an April day—sprightly as spring—happy as summer itself—and withal such a little price \$14.75.

THIRD FLOOR

## Watch Your Gums—Bleeding a Sign of Trouble

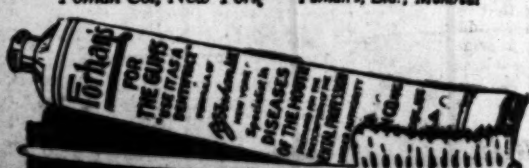

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the forerunners of Pyorrhea, that dread disease which afflicts four out of five people over forty.

If the disease is unchecked, the gum-line recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhea poisons which seep into the system and wreck the health. These poisons often cause rheumatism, nervous disorders, anemia, and other ills.

To avoid Pyorrhea, visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has already set in, use Forhan's according to directions and consult your dentist immediately for special treatment.

35c and 60c tubes. All druggists.

## WAITS LONG FOR FREEDOM.

Although she was married in 1878 and a separation occurred in 1894, Mrs. Mary C. Tucker waited more than twenty-five years to bring a divorce suit. She was granted a decree by Judge Walton J. Wood yesterday.

"There is nothing to tell," said Mrs. Tucker, whose husband was Walter S. Tucker. "He just went off and left me."

The court pressed for a reason for the separation, and she said her husband made her believe it was business that caused him to be absent. He would return every two or three weeks and made it appear as though he had just dropped in after being away on a business trip.

The testimony of a daughter was to the effect that another woman was at the bottom of her father's absence from home.

Before the death of a son in the World War, Mrs. Tucker was deemed real estate as a gift. Subsequently, Mr. Tucker, the husband, is said to have claimed an interest in the property.

The court held the real estate was the separate property of the wife. It was for the purpose of protecting her interests in this property that Mrs. Tucker sued for divorce.

Some's School at Menlo Park for the Easter holidays, is coming in for much social attention, and is the cause for some entertaining by the younger set every day.

Miss Doris Braly, daughter of Mr. and Mrs. Harold Braly, is entertaining eighty school girls at tea this afternoon in honor of Miss Poesy, who is visiting at her aunt's, Mrs. Roland Seely, and who for some years has resided in New Hampshire.

Miss Braly is to be assisted this afternoon by Misses Roberta Crutcher, Mary Ann Strohn, Lucia Turner, Lady Jane Lawler, Elizabeth Sherlock, Helen Thompson and Susanna Bryant.

On Thursday Miss Helen Thompson will give a luncheon for Miss Poesy at the home of her aunt, Mrs. Harry Thompson, in Beverly Hills.

On Visiting List.  
Mr. and Mrs. C. D. Smith, prominent folk from Memphis, Tenn., are here for a short visit at the Ambassador and have with them their attractive young daughter, Miss Marie Smith, and her school friend, Miss Lyde Marlow of Oklahoma. They are being much fêted by society.

Announcement.  
Announcement of the engagement of Miss Carolyn Wilkinson of Santa Monica and William P. Halliday, Jr., of Memphis, Tenn., is news of interest here, as well as in the South and in Cape Cod, where his family maintain a summer home. The ceremony will take place Wednesday evening, March 23, at the home of the bride-elect's parents, Mr. and Mrs. E. C. Wilkinson of Fallside avenue, Santa Monica, but formerly of Michigan. Miss Wilkinson is a graduate of Ab-

bott Seminary, the oldest girls' school in Andover, Mass. Mr. Halliday attended Thacher School at Santa Barbara, the Seawane Military School of Tennessee and the University of California. His family is well known in Los Angeles, having spent their winters here at 2146 West Adams street for many years. They will return to Tennessee the middle of May.

Shunks Leave.  
Friends of Col. William A. Shunk, U.S.A., and Mrs. Shunk will learn with regret that he has closed his Army recruiting office in Southern California and Arizona and has been ordered to report to duty at Western Department headquarters in San Francisco. The Shunks left Sunday for the north.

At Dinner Party.  
Mr. and Mrs. R. C. Murray (Ruth Taylor), were honor guests at a large dinner party given Saturday evening at the Ambassador.

Weds in Ohio.  
Mr. and Mrs. Jacob Brynliken of this city announce the marriage of their daughter, Miss Ina Ware, to Warren Henry Dornier, March 11 at the Church of the Covenant in Cincinnati, O. They will reside in Cleveland. The bride is well known in musical circles of this city.

Has Dancing Party.  
Miss Katherine Hendricks was hostess at a gay dancing party for sixty of the high school set. It was given at the home of her parents, Mr. and Mrs. R. L. Hendricks of 512 West Twenty-third street. She used a St. Patrick color scheme in the decorations.

Miss Elizabeth Poesy, of Los Angeles, and Mrs. John V. Poesy, of San Francisco, will leave for the week-end.

**SHE NEVER FELT BETTER IN LIFE**  
**Mrs. Group Restored To Perfect Health.**  
**Enjoys Edibles She Hadn't Touched in Years.**  
**"Tania Is Grand," She Declares.**

"Since taking Tania I am eating meats, vegetables and other things I didn't dare touch for years," said Mrs. Lulu Group, recently. Mrs. Group's residence is 1450 Van Horn Ave., Los Angeles. She added: "For five years I have been as miserable as it was possible for anybody to be and still not be sick in bed. Everything soured on my stomach and formed gas that would give me palpitation of the heart and another spell. I almost became a nervous wreck and got little rest either day or night. I was getting weaker and thinner all the time and was almost in despair, because I could not get relief."

"I made a big mistake by not trying Tania when I first heard people talk about it, but I had been fooled so often I had lost confidence in medicine. Luckily for me, however, I was finally prevailed upon to try it, and I was simply amazed by my rapid improvement. It suited my case exactly. I haven't had such an appetite in years as I have now, and everything agrees with me. My nervousness has all disappeared and I sleep like a child at night. I have also gained eight pounds in weight, too."

"I never was in better health in my life than I am right now. My daughter was also run down, so I gave her Tania and it was just as wonderful in her case as it proved in mine. It's a grand medicine and everybody ought to know about it."

Tania is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Store.

**SEE SOMETHING SPLENDID**  
**AN IDEAL HOME TRACT FOR PARTICULAR PEOPLE**  
**IN TRACY SQUARES**

# South of Tehachepi. ROOT VISITS CROWN CITY.

**Former Senator Inspects Big Observatory.**  
**Churchmen Wire Protest to Legislature.**  
**Pasadena Plans to Attract Conventions.**

(LOCAL CORRESPONDENCE)  
PASADENA, March 21. — Elihu Root, former Cabinet member, former United States Senator, and America's greatest authority on international law, was one member of a distinguished party which scaled Mt. Wilson from Pasadena today, to inspect the Mt. Wilson solar observatory.

In fact, Mr. Root is here altogether on a scientific mission, being one of the trustees of the Carnegie Scientific Research Institution, of which the Mt. Wilson Observatory is a part.

W. E. Morry, president of the Atchison, Topeka and Santa Fe Railroad, who has been visiting at Santa Barbara the last ten days, was an unofficial member of the party. Former senator Root's fellow-travelers in the party were Dr. Henry La Pitche, who is also president of the Carnegie Foundation for the Advancement of Teaching, Maj. U. S. Grant, noted geologist; Dr. Charles H. Taylor and Dr. Harold S. Boham, scientists.

The trip to Mt. Wilson was in charge of Dr. George Ellery Hale, noted scientist, who is director of the observatory.

The party made the trip up the mountain by automobile. They will spend the night on the mountain and return tomorrow evening. Tomorrow the visiting trustees will inspect the observatory laboratory and shops on Santa Barbara street here, after which Mr. Root plans to return to Santa Barbara. The family is spending the spring season. The party motored here from Santa Barbara.

Mr. Root declines to discuss national or world affairs, political or otherwise. "I am out of public life," he said, "and I'm not giving out any interviews." Local Republican who called upon Mr. Root invited him to address a luncheon or dinner gathering here. But the invitation was declined.

**MAY BUILD CASINO.**  
The Pasadena Chamber of Commerce took steps today at winning back the State nurserymen's and aviculture conventions, to say nothing of the Pasadena fall flower show, originally scheduled for Pasadena, but now being planned for Exposition Park, Los Angeles, in October. The announcement that the show and conventions would be held in Los Angeles instead of here was reported Saturday.

It is said that the conventions and the show were changed to Los Angeles because adequate arrangements for the combined events could not be made here.

The Pasadena Chamber of Commerce, in this connection, is considering a campaign to provide this city with a convention hall or casino.

**METHODISTS WIRE SENATE.**  
The First Methodist Church of Pasadena today telegraphed a memorial to the State Senate asking that body to vote down the resolution to Congress adopted in the Assembly, suggesting modification of the Volstead prohibition law. The message was signed by Dr. Merle N. Smith, the pastor, and, it is stated, represents the sentiment of 30 members of the church. The memorial was dispatched to Senator W. J. Carr of this city.

**WEST BECOMES PROSPEROUS.**  
The West seemed to have more

one of the largest crowds that ever gathered on the bay, the kiddies' parade, sponsored by the Ocean Park Business Men's Association and given at the Ocean Front Promenade at Ocean Park yesterday, will be repeated every year.

The 180 babies who participated in the event are already making plans for the event when it comes next year. The parade will probably be given early in each year to take the form of an opening day for summer pleasure season in Ocean Park.

The children who took part yesterday marched in review tonight at the dome pavilion, each one of them being presented with prizes. As they filed around in martial step, visitors declared that the event equaled that staged in Atlantic City each year.

Next Sunday Ocean Park will stage its big Easter egg hunt. The sand in the Ocean Park district is to be filled with the eggs for the sport of the big holiday crowd expected here.

Room now at Hotel del Coronado. (Advertisement.)

**McADOO MAKES PLEA FOR EMERALD ISLE.**  
(EXCLUSIVE DISPATCH)  
SANTA BARBARA, March 21. — William Gibbs McAdoo motored here today from Los Angeles to look after progress of development on his residence property. While here he made a public appeal to the people of Santa Barbara to help in relieving the suffering babies and aged persons in Ireland occasioned by famine and disturbed conditions.

"We all know civil war is the cruellest form of war. The British government has committed to the distribution," he said.

Coronado Tent City opens May 14. (Advertisement.)

**TO MAKE PARADE ANNUAL EVENT.**

**AFTER NEW RECORD.**  
(LOCAL CORRESPONDENCE)  
SANTA MONICA, March 21. — R. H. De La Lay, Venice aviator, will attempt to make a new altitude record some time during the Santa Monica exposition. A new table for gauging altitude has been devised, and the daring birdman is expected to sail up in the clouds far out of sight on the day that the California Aerial Club stages its great exposition of aircraft here.

Martin Campbell, here also with the exposition, is expected to make a record drop in a plane that will turn on its side and literally throw him out.

The exposition of Bay City industrial and cultural arts drew hundreds of people to the bay today. By tomorrow the affair will be in full swing and the local event will be ready to draw the attention of the thousands of visitors expected.

Spent Easter at "Coronado." (Advertisement.)

**ILL-FATED FAMILY.**  
(EXCLUSIVE DISPATCH)  
WHITTIER, March 21. — The third calamity to befall the Martines family of Downey occurred last evening when Juanita, aged 4 years, ran in front of an automobile and was instantly killed.

The car was driven by Grant McCain, a contractor of Pomona. Those who witnessed the accident declare that McCain had his machine under control and stopped within ten feet of where the child was killed, and that the accident was unavoidable from his standpoint.

A few weeks ago an older brother was struck by a delivery wagon and killed and three months ago the father died.

Hotel del Coronado and Coronado Tent City office, 517 Spring st. (Advertisement.)

**UP TO VOTERS.**  
Citizens to Decide Question of Girl Acceptance.

**WHITTIER, March 21.** — A special election is called for tomorrow to give the voters an opportunity to accept or reject a gift of \$15,000 which Mr. and Mrs. William Milhouse, pioneer residents of the Whittier district, are offering as an endowment fund for the new municipal hospital now nearing completion. The Milhouse offer the gift with but on restriction and that is that the interest on the amount be paid to them during their lifetime, then the amount becomes the property of the recipients without restriction.

Col. Simon J. Murphy, millionaire oil magnate of the Murphy Oil Company, is presenting the city with a \$25,000 hospital and a number of the public-spirited organizations have pledged to furnish rooms and equipment for the new hospital. According to law, the Milhouse gift cannot be accepted except by vote of the people of the city.

Easter at "Hotel del Coronado." (Advertisement.)

**ON STATUTORY CHANGE.**  
(EXCLUSIVE DISPATCH)  
SANTA ANA, March 21. — Charged with a statutory offense against a 15-year-old girl yesterday, Paul M. Goss of Riverside was held in the County Jail here today in default of \$5000 bail. His preliminary examination was set for April 4, at 10 a.m.

Few choice rooms available. Silver Peak Ranch, Fresno-Pomona Sub. 23. (Advertisement.)

**FLAGS FOR CORPS.**  
Stanton W.R.C. will present five flags to the newly-organized corps at Covina at 1:30 p.m. tomorrow. (Advertisement.)

**Protection for Tenants in New Utility Ruling.**  
Under new regulations of the Board of Public Utilities, which went into effect yesterday, occupants of flats and apartments in Los Angeles are protected against summary discontinuance by landlords without notice of gas, electric, telephone and water service. No service is hereafter to be discontinued within forty-eight hours of presentation of bills. In case of disputes over the amount of the bills, tenants may deposit the amount of the bills with the Board of Public Utilities, which will give a hearing on the matter in dispute, pending the decision, in which the service, the regulations require, must not be cut off without the consent of the Board of Public Utilities.

**Listen, Mothers!**  
Did you know that the California Dairy Council's investigations on milk drinking in our public schools showed that 86% of the children from the residence districts, 40% from the factory section and 51% of the foreign element do not drink milk daily?  
And further: Careful tests proved conclusively that just in proportion as these different classes drank milk they were brighter in their studies, healthier, stronger, bigger and heavier than those who used little or no milk.  
**A Startling Difference**  
In Doctor Beach's report he says: "At each age period, without exception, the milk users are taller and heavier than non-milk users. During eleven years the total gain in weight of milk users over non-milk users is 20.74 lbs." And "The total gain in height of milk users over non-milk users is 10.28 inches." Be sure to see that your children have an abundance of fresh milk each day;—There is no substitute.  
**"Milk Drive" for Schools Soon**  
Arrangements are being made with the proper authorities to conduct a drive in behalf of greater milk consumption in all the public schools of Los Angeles. Prizes will be given. Full particulars will be announced soon.

**THE ECONOMY OF MILK**  
A quart of milk is equal to 8 eggs in food value, while at prevailing prices 4 or 5 fresh eggs cost as much as a quart of milk. Besides, milk digests more readily and contains vital growth-producing principles which eggs do not. Drink More Milk!

**The New Garment Chief's Sale Swings into its 2nd Week**

—Last week was one of the biggest weeks that our garment department has ever known.  
—Values alone were responsible!  
—You can imagine how eager the different manufacturers were to set some exceptionally low prices for our new garment man on his first buying trip—you can imagine how eager he was to have his first week surpass any previous week and how low he marked his prices.  
—And now comes a second week—and in many ways it's going to be a far more important week than the first one! Here are just a few of the specials:

**Glorious Ratine Dresses \$19.98**

—These new Ratine Dresses have just been unwrapped. They are handsomely embroidered in colored yarn. Some are in Pink, some in Light Blue, some in Harding Blue, and Orchid, and Gold and Wistaria. Ratine is decidedly smart—and, equally important, it is very serviceable, for it wears well, launders well and doesn't ever look crumpled. All sizes, 16 to 40.

**Smart New Sports Suits \$44.98**

—Sports togs play a most important part in the wardrobe of today and our new garment chief has made special efforts to obtain for you the chic and the unusual. There are suits in combinations of colors—white with black, or emerald, or pink, or blue. Then there are stripes and there are checks, and there are Blazer Coat effects.

**Fancy Plaid Wool Skirts \$10.98**

—These smart new wool skirts are in plaids of rich colorings. Some of them are in side plaited styles and some are box plaited.  
—There are all sizes 26 to 30-inch waist measure.

**Girls are wild over the Easter Frocks on the Floor o' Youth**

—and mothers are going to be even more elated over the extraordinariness of the values.

—The Director-General and his aides have fairly outdone themselves in assembling an array of dainty white frocks that are just what so many girls are planning to wear Easter.

—For Little Two-to-Six there are flaxons, voiles, dimities and organdies, in lace-trimmed, frilled and ruffled styles—many having big, saucy sashes and touches of hand embroidery.

—The prices range from \$1.98 to \$11.98.

—For the larger girls, 8 to 16, there are voiles and crisp organdies, batistes and lawns in charmingly girlish styles—some lace trimmed and the majority with tucks, ruffles and sashes of self material by way of trimming.

—These are priced \$3.98 to \$15.98.

—This will be one of the biggest sale events our Yardage Department has ever featured!

—Just think of having thousands of yards of beautiful white weaves—Voiles—Piques and Eponge to choose from at less than half the regular markings!

—What an opportunity for the woman who is planning clothes for Easter and Confirmation.

—Indeed it will pay to anticipate future white goods needs when the savings are so great.

**1200 Yards 40 and 49c**  
**45-Inch Voile at .49c**

—White English voile—a 4-ply and hard twisted weave, that is beautifully sheer and even.

**1500 Yards 36-Inch 69c**  
**White Pique at .69c**

—There are four waives in this assortment and it's the English weave—good looking and dependable.

**2000 Yards 40-Inch \$1.19**  
**French Eponge . . . \$1.19**

—There are five distinct styles, including the light and heavy and the crepe weaves and the knotted.

Second Floor, South Building—Jacoby's

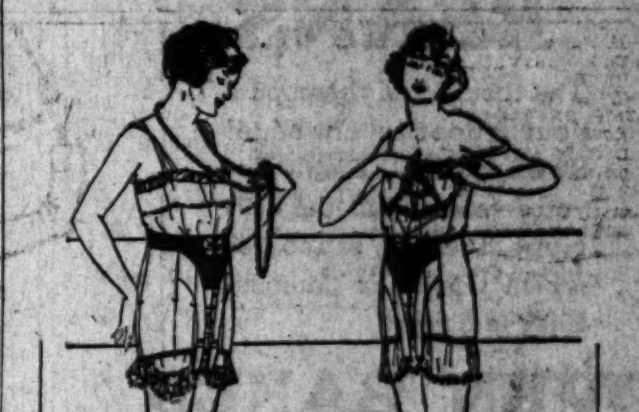

**70-Inch Irish Linen \$1.98**  
**Table Damask . . . \$1.98**

—Now be sure that you understand we haven't made a mistake. This is pure Irish linen damask, fully bleached and is to be sold at \$1.98.

**72-Inch Pure \$2.75**  
**Linen Damask . \$2.75**

—This comes in five attractive designs, and is just about half price at \$2.75.

—Napkins to match at \$7.75 a dozen.

**Have You Heard of the New Stylish Slender Corsets?**

—So many new Corsets that make their appearance are just simply old corsets with new names, but this new Stylish Slender is just as new and just as different as its name.

—All models of Stylish Slender Corsets are made topless, with a front V of elastic and with a shortened front steel. Just how important these innovations are you will realize when our corsetiers fit your model to you.

—One very excellent model of pink coutil, boned with genuine Wablon, is offered as an introductory special at \$5.00.

## FIGHT ARIZONA RATE RULE.

Two Railroads Will Argue for Their Separate Tariffs Today.

A Federal court, sitting in bank, composed of U. S. Circuit Judge Hans, U. S. District Judge Sawtelle of Arizona and U. S. District Judge Tippet of this city, with this morning, held an important session in Judge Tippet's department, to hear the action brought by the Arizona Eastern Railway, a corporation, and Southern Pacific Company, a corporation, against A. A. Betts, David Johnson and Loren Vaughan of the Corporation Commission of Arizona, and Atty.-Gen. Galbraith of Arizona, to enjoin the defendants from enforcing or attempting to enforce certain orders of May 23, 1931, and Jan. 6, 1932, and from instituting any suit, prosecution or proceeding against the complainants, their officers, agents or servants to enforce such orders and that a restraining order be issued until an application for a temporary injunction may be heard and determined. It is charged that the orders complained of are violative of the constitution of Arizona and in contravention of the Fourteenth Amendment to the constitution.

## FOUND DEEPER CONTROL.

The orders complained of found that the control of the Arizona Eastern Railway Company is vested in the Southern Pacific Company, that the rate-making purposes, as one and that they are not entitled to receive arbitrary, over-the-tariff rates prescribed for one line hauls between points on their lines.

charges prescribed for one-line hauls on or before Jan. 31, 1931. It is asserted that the commission of Arizona was without power to make such an order for the reason that the power to fix and establish rates was then vested in the Director-General of Railroads of the United States, and the commission was without jurisdiction to make the order.

## ONE TO FIFTY YEARS.

## FEAST, THEN TAKE CLOTHES.

Enriched Two Partake of  
Birthdays, Then  
Look House.

Returning to his home at  
612 North Spring street yester-  
day morning, P. Ohlgia  
found that an elaborate feast  
of nuts, bananas, candies and  
other dainty comestibles,  
which had been prepared by  
his friends to celebrate his  
birthday, had been consumed  
by burglars, who incidentally  
carried away several hundred  
dollars' worth of clothing.

Soon after Ohlgia reported  
the burglary to the police, Of-  
ficer O. P. Torres arrested  
Arrete Amara, age 19 years,  
and Luis Ramboad, 20, both  
Mexicans, who later confessed.  
Detective Sergeant Longuevan  
reported.

committee of business men who will  
assist the Finance Committee of the  
Council in preparing the budget, to  
the end that city expenses can be  
reduced and the entire repeal of the  
occupational tax made possible.

"I stand for every method we can  
adopt," said Councilman Criswell,  
who with Councilmen Delorey and  
Conaway, make up the finance and  
budget committee, "of reducing the  
taxpayers' burden. The occupa-  
tional tax falls on the ultimate con-  
sumer who buys goods in Los An-  
geles, and we shall try to eliminate  
that tax. Proposed wasteful and  
extravagant expenditures by depart-  
ments will not be approved."

## OPPOSED TO HIGH PRICES OF EXPERTS.

Workman's Stand Against  
Fees Asked for Study of  
Sewage Problem is Futile.

President Workman cast an em-  
phatic negative vote at yesterday's  
meeting of the City Council against  
the employment at a fee of \$1500  
each of George W. Fuller of New  
York and George C. Whipple of  
Harvard University as experts to  
study the sewage disposal problem  
of Los Angeles.

"It appears," said President Work-  
man, "from telegrams sent by these  
engineers that they will be unable  
to devote more than two weeks to  
the study of a problem which Chief  
Engineer Mulholland was stated to  
be more complicated than the building  
of the aqueduct, on which the ex-  
perts retained by the city spent three  
months of work. And these sewer  
experts ask that Mr. Mulholland pre-  
pare all of the data for their con-  
sideration."

"It looks to me as if Mr. Mul-  
holland is expected to do all of the  
work, and the easterners will look  
it over, give their opinion, collect  
their fees and expenses and start  
back East."

"I am opposed to paying these  
men nearly \$30,000 for this small  
amount of work. It is the same  
amount we paid the aqueduct ex-  
perts who spent six times as long  
studying our problem as the sewer  
experts intend to give us."

The Council however, voted 7 to  
1 to instruct the City Attorney to  
prepare the necessary resolution to  
employ the experts.

## Woman Charged With Murder of Her Sweetheart.

Until Mrs. Edith Lundberg, for-  
merly a stenographer in the Hall of  
Records, appeared in Justice Brown's  
court yesterday for arraignment, she  
did not know that she had been ac-  
cused of the murder of Linus F.  
Ward, Jr., her supposed sweet-  
heart. The complaint was issued  
yesterday, when it was learned Mrs.  
Lundberg had recovered sufficiently  
to leave the County Hospital, where  
she was taken after shooting herself.  
It is charged Mrs. Lundberg shot  
Ward and then herself while the  
two were in an automobile in front  
of the man's house.

The defendant was committed to  
the County Jail without bail for hear-  
ing on Monday.

## FORM LOCAL BRANCH.

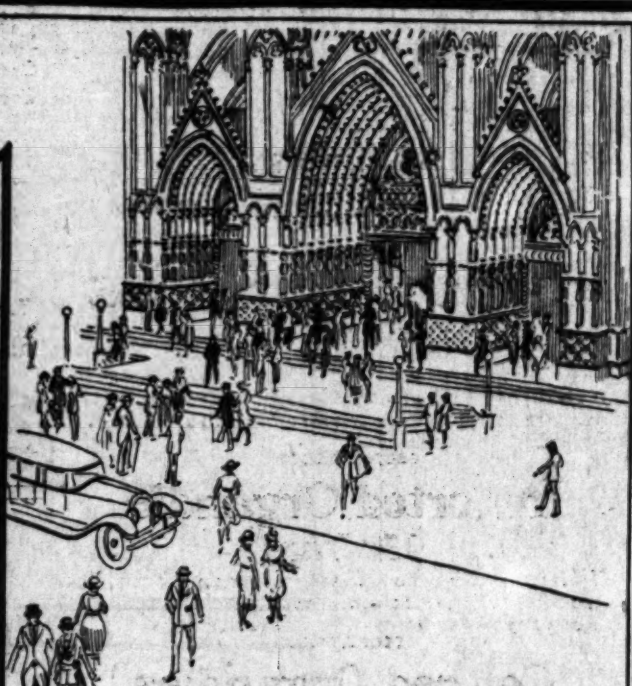

Building Owners and Managers File  
Incorporation Papers.

Articles of incorporation were  
filed yesterday for the Business  
Property Owners' and Managers' As-  
sociation of Los Angeles, to become  
the local branch of the Building  
Owners' and Managers' Association,  
a national organization.

The Los Angeles organization is  
composed of downtown property  
owners, who have common interests  
as to taxation, wages and other mat-  
ters. It is an outgrowth of the Los  
Angeles Building Owners' and Man-  
agers' Association, of which Roy C.  
Seely was the president.

The incorporators are G. W.  
Ewing, W. E. Storz, F. W. Flint, Jr.,  
J. B. Van Nuys, James R. Martin,  
P. D. Bonan, J. Edgar Brown, Harry  
R. Callender, Shirley C. Ward, Willie  
L. Morrison and Benjamin F. Mc-  
Louth.

Officers have not yet been named.

## Easter--the Gateway to Spring

Spring means new clothes.

You will want them to be clothes that  
reflect your good taste and good  
judgment—and justify both by the  
service they will give.

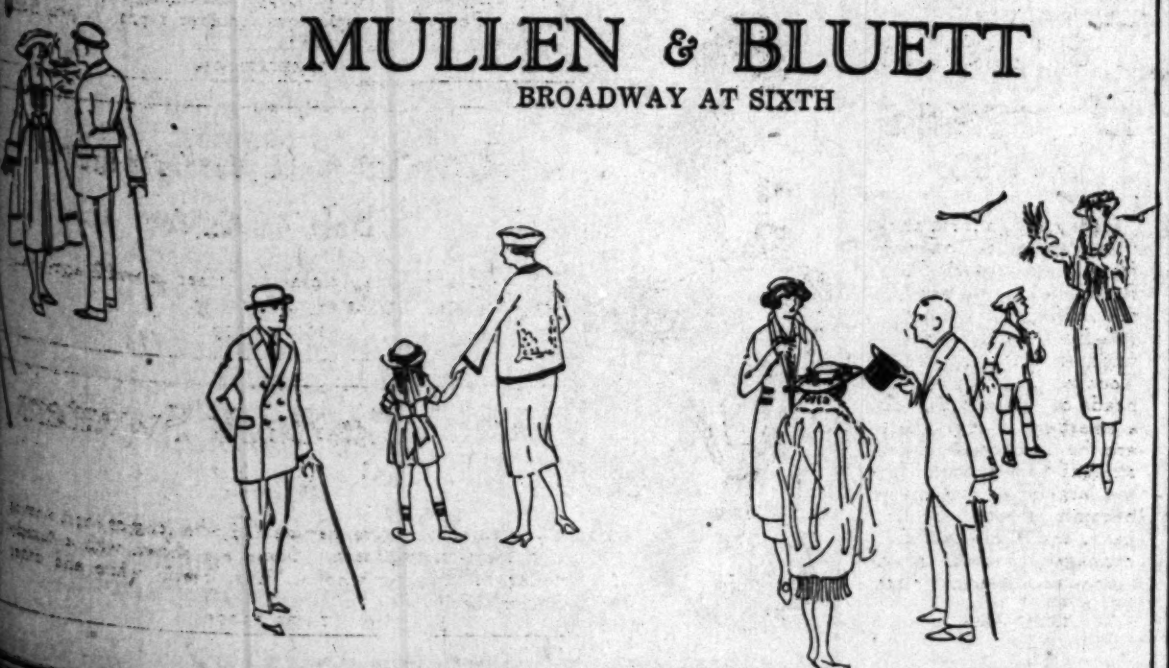

You will want clothes that have been  
produced to meet a high standard—  
not those that have been produced  
simply to meet a low price.

Quality will be your main consid-  
eration.

By steadfastly maintaining quality, even  
tho' it does cost us more—we are sup-  
plying the needs of men who buy  
wisely.

allion offer. Remember the  
date—if you have a partially  
filled Medallion Card that  
you wish to use, it must be  
filled and turned in not later  
than April 16th.

FINISHES WITH  
SWINDLE TALE.State Rests its Case Against  
Reputed Bunko King.Norris's Wife Says Hutchings  
Repaid Victim Big Sum.Defense Starts Today Strong  
Fight for Accused.

With the testimony yesterday of J. A. Swanson, a retired farmer of Hallridge, Neb., that he was fleeced out of \$10,000 in a second supposed fake stock deal by Everett A. (Big Hutch) Hutchings, said to be head of a big bunko ring, the prosecution yesterday rested its case against Hutchings, who has been on trial for more than a week in Judge Willie's court.

The witness said he met a man known to him as John Hartman in Pershing Square, and later met a man named Rogers, whom he asserts is Hutchings. He said he was given to understand he had won \$102,000 in a stock deal at a supposed exchange in the San Fernando Building, and mortgaged his ranch to obtain \$20,000 to establish his credit, as he thought. Dist. Atty. Woolwine and Deputy Keyes adduced

## JUNGLE KINGS IN THRILLS.

Several innovations were introduced to circulators yesterday afternoon when Al G. Barnes's Wild Animal Circus opened at Prager Park. Chief among the new features presented by the Barnes outfit are the stinging performers. The show opened with a pageant in which several dozen beautifully groomed young women took part, three of these riding on the backs of elephants.

Another outstanding feature of the performance was the large number of performing lions. It is declared that there are 1200 wild animals in the circus and when one notes the many acts in which the king of beasts takes part, it is easy to imagine that the number is not exaggerated. The lions are mostly handled by young women.

Tigers of the Royal Bengal variety also take part in the performance. One of them performs acrobatic feats on the back of a zebra. Testimony indicating there was no stock exchange in the San Fernando Building. The defense, which may take several days, will begin today.

Mrs. John E. Norris, wife of the complaining witness against Hutchings, told yesterday of numerous attempts she made to get the defendant to return \$21,000 to her husband. She says that is the amount which remains unpaid. Hutchings, hand having received \$20,000 of the \$21,000 Hutchings and others are accused of taking from him.

The witness said she first met Hutchings, known to her then as Brady, on December 10, 1934, and later on December 23 the same year.

Twelve Royal Bengal tigers were also made to do all sorts of stunts, which included jumping through a burning hoop.

The horses with the show are among the prettiest and best-trained domestic animals ever seen in Los Angeles. Some of these animals danced wonderfully well.

The performing seals seemed almost human. In one act a lion sprang from the saw dust arena to the back of an elephant with perfect ease. This animal was handled by a slim, little girl, who seemed to be scarcely out of her teens.

More than a score of stunts, aided in the entertainment. Many new acts were introduced by these funny men, and there was a noticeable absence of the slapstick comedy which heretofore was believed necessary in all clown acts.

The shows will continue here for the next six days, with performances each afternoon and evening.

She was surprised on the latter date when her husband handed her \$300 and told her to go slow on expenses. She said she was doubtful about the supposed stock deal of her husband's and asked him if he got his money. She next saw Hutchings at an extradition proceeding before the Governor of New York and later at the Pennsylvania Hotel in New York. She renewed her appeal for the return of \$21,000, she said, and kept them up until shortly before the trial began. She denied Hutchings suggested she leave the State. She said the defendant offered to return the money, but at the time did not have enough.

Row Foils Rug  
Theft Plotters,  
Court is Told.

How plans to steal \$30,000 worth of rugs fell through because the supposed thieves fell out, was told yesterday in Justice Forbes's court when Charles Gibson took the stand and turned State's evidence. He and W. H. McGill were accused of burglary and of stealing rugs valued at \$3190 from the store of James Houston. Mrs. Houston, wife of the complaining witness, testified the rugs were worth \$30,000.

Gibson testified that A. J. Matzski, accused of receiving stolen property, would not pay enough for the rugs and McGill and two other men left Gibson with the goods. He was then caught.

The charge against Gibson was dismissed and McGill and Matzski were held under a special commitment to answer for receiving stolen property.

The case was prosecuted by Dep. Dist. Atty. Fitts.

**HEED AS PLUME SMUGGLER.**  
J. N. Perez, a young Mexican, was charged in a complaint sworn to yesterday by Frank E. Johnson, special agent of the United States Treasury Department, with violation of the customs laws in having smuggled twenty cigarette plumes into Los Angeles Harbor. He was held in \$2000 bond by U. S. Commissioner Long. The importation of cigarette plumes is forbidden by the customs.

Old Man Tagged  
to Here; Doesn't  
Know to Whom.

James Burritt, 78 years of age, from somewhere in Vermont to somewhere in California, arrived at the Santa Fe Station yesterday morning and is now held in the Receiving Hospital. He cannot remember the name or address of the people believed by the police to be expecting him.

The aged man was wearing a large tag on his coat marked "Los Angeles."

**TALK ON COTTON LAW.**  
Congressman Osborne will discuss Stabilization Bill Today.

Congressman Osborne will be the guest of the Pacific Cotton Exchange at an informal luncheon to be given at the Los Angeles Athletic Club at 12:30 p.m. today. Among the guests at the luncheon will be the officers and directors of the exchange, representatives of the banks and officials of the Chamber of Commerce. Congressman Osborne will discuss the bill now pending in Congress for the stabilization of market conditions for long-staple cotton, in which he has been actively interested. Plans for making Los Angeles a spot cotton market will also be discussed.

Unfolding One of Life's  
Mysteries—Sleep

Until recently, we have not understood why at times we are blessed with a profound, uninterrupted slumber whereas at other times our sleep is fitful, broken and troubled.

We have attributed insomnia to indigestion or overwork, in most cases it has been inability to relax perfectly because of an uncomfortable bed.

Simmons  
Metal Beds

—are "Built for Sleep." Constructed as though in one piece, with no joints to rattle or creak. Simmons Beds noiselessly contribute to the peacefulness which makes sleep possible.

We show many exclusive patterns of Simmons Metal Beds, in both full and twin sizes. All the popular wood finishes are represented.

Barker Bros. the largest retail distributors of Simmons Metal Beds in America.

Barker Bros.  
Own-Make Mattresses

—are built, layer upon layer, of resilient cotton or hair which conforms to the contour of the body, without a single resisting bump to press upon tired nerve or muscle.

Ask to see the contents of the mattress you expect to purchase. You will then better appreciate the superior qualities of Barker Bros. Own-Make Mattresses.

## Easter Frocks

of Canton Crepe, Taffeta and Crepe Meteor

\$55.00

—There is every reason to believe that many of the hundreds of women who have not found exactly what they want in frocks for Easter wear will be more than delighted with the beautiful new styles that go to make up the beauty and wonder of this distinguished collection of lovely dresses, specially purchased so that they can be retailed at the extraordinarily low price of \$55.00.

—A remarkable and timely special purchase of eighty-five smart dresses permits us to place on sale alluring new style frocks, exquisitely developed in fine materials offered at amazingly less than what one would naturally expect to find them priced—\$55.00.

—Included in the collection are several very handsome early Spring models that have been reduced to the same price for this incomparable pre-Easter dress event.

—The Canton Crepe dresses are in navy, brown and gray.

—Satin and Crepe Meteor dresses may be had in brown, navy and black.

—These dresses are artfully embellished with ribbons, embroidery, beads and lace and most of them have wide silk sash in self or contrasting material.

—The three of the Canton Crepe models pictured give one a good idea of the general attractiveness of this very special proposition.

—Sizes range from 16 to 42, with just a few sizes even larger still.
